

Alan Chapman Memorial

Small gathering at Alan Chapman's for a memorial gathering at his farm to remember him and his efforts for the Windellama community

Bush Fire danger period has commenced and Permits are now required
To apply for a permit contact our local NSW RFS Fire Control Centre on 6226 3100

Annual Subscriptions - please send your details and **\$30** (cheques payable to 'Windellama News') to cover the annual cost of postage.

All cheques please post to:

The Secretary, PO Box 705, Goulburn. 2580

* Unpaid subscriptions will be cancelled after one month

If you have any short articles, anecdotes, or something else interesting about yourself, your family, or the community; please write it down and drop it in our letterbox at the Hall. We will edit it and publish it in the Windellama News.

A LOCKED POSTAL BOX IS AT THE FRONT OF THE HALL, 3444 OALLEN FORD RD, IN THE STONE WALL FOR THE COLLECTION OF ITEMS FOR PUBLICATION

Items left in the box after the deadline will not be collected or included in the News

Articles, adverts, etc may also be sent by email to:

newswindellama@gmail.com

Adverts sent by email will not be inserted unless payment is received by the deadline.

Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment. If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty .

Windellama Markets December 2021

What a great morning everyone had on Sunday 19th December at the Christmas market day. We had a record 21 stallholders fill up the hall and spill outside, with many customers coming in to enjoy a chat over coffee and cakes in the post-lockdown freedom and catch up on their pre-Christmas purchases. Lots of new products such as herbal teas, garden art, beautiful candles and succulents were available, as well as the long time stalls of wine, books, knits and crochets and bric-a-brac. We hope to see more new visitors and see the markets become bigger and better this year.

Francis Still and her knitted toys

Jo Hailston and her amazing mini succulent gardens

Mike Bynon from Corang Estate Wines doing a jig

The beautiful candles and soaps by Sandie Walsh

Bev Woodham and their fabulous garden art

Crystals, oils and resin art by Justin Magnee

Plenty of customers too

Some treats from the kitchen

If you would like to set up a stall at the next market on Sunday 20th February don't hesitate to contact the Market Coordinators Michele and Mark Goltsman on 48445768 or email at mgoltsman@bigpond.com.

Windellama Landcare held its AGM at Windellama Hall on 4 December, followed by its Christmas Party. With the ravages of Coronavirus-20 organised Landcare activities were not possible and we are hoping that 2022 will provide opportunities to catch up on a number of those missed opportunities. There were a few changes in the Landcare Committee, with Henry Detjen stepping down as President and being replaced by John Pearce and Sandra Greville stepping down from many valuable years as Secretary.

We are looking forward to an active year in 2022 addressing issues for land holders in the area and welcome new members. And for those who attended the Soils and Rural Living Workshop way back in 2019 ... we haven't forgotten about the follow-on workshop, the one that had to be abandoned due to Covid. We intend resurrecting and continuing the Soils program. Due to the long break between the workshops, there are a few challenges to overcome, like ensuring continuity of the presenters and funding. But we're trying hard to make this workshop happen and will give you the details as soon as we can.

Contacts: are John Pearce 0435 586 281 and Tony Greville 0418 412 460

Windellama SES First Aid & CFR

Firstly I would like to pass on some engine starting problems I have had just recently, the problem being caused by Hornets secreting their supplies of food in the air intakes of two motors, one Air Compressor and one Izuzu Water Pump, air intakes completely blocked. The other was a blocked exhaust on a small engine. I pass this on hoping that it may save someone experiencing unnecessary trouble.

We were to have a CFR intake in late February, early March, but the Ambulance Service had to cancel same due to lack of participants, very disappointing.

The CFR team has been consistently busy through the last year, hope to have yearly statistics next month.

Ambulance personnel are stretched to the limit, so our job becomes all the more necessary due to the wait time, at times. Flooded roads have disrupted things greatly also. This being another field for us to operate in.

There have been a good few tree removals from buildings and access roads in the past few months for the SES side of our activities, fortunately no one has been injured in these incidents.

We have had a great deal of practice as far as getting vehicles out of bogs, add our own vehicle in to that equation also.

Our SES training has been put on hold until further notice due to COVID.

We were put on Tsunami warning just recently, yes I hear the laughter from here, but is true never the less.

May I wish you all the Compliments of the Season, stay safe and ask your neighbours are they ok!

Kevin Muffet
Deputy Unit Commander
Windellama CFR/SES

Lowline Cattle

A small beefy, Angus derived breed – quite & easy to handle.

Why Lowlines?

MORE BEEF TO THE HECTARE

- ✓ smaller size means easier handling
- ✓ higher stocking rates
- ✓ low birth-weights
- ✓ early maturity
- ✓ compact bodies
- ✓ excellent feed efficiency
- ✓ less stress on fencing
- ✓ less soil compaction

Great for first time cattle owners of any age and gender

Windellama Garden Club Incorporated News

November 2021 Rainfall

Rainfall for November 21 saw an extra 71mm fall (teem down) at our place making a total of 238mm.

December 2021 Rainfall

A total of 128mm fell at our place making the years total for 2021 1146mm. Giving us a monthly average total of 95.5mm.

Weeds

The rainfall this year has helped germinate all the different pasture grasses like Cocksfoot, Fescue, Phalaris, different Rye Grasses, and different herb and clovers. Most of these grasses are now fully seeded and starting to dry off before their crops of seed they bare drop. Hopefully, new pasture grasses will be the result.

Unfortunately, the great seasonal rains have germinated many different weeds like serrated tussock and prickly thistles. It seems like every time I get on top of these weeds a new lot appeared.

At our place weeds like barley and Capeweed were quickly outgrown by the grasses listed above and the one flower I did not miss, was the yellow Capeweed.

Fruit Trees

My concerns about the cherry trees fruit shrivelling and dropping were quickly put aside when we had a great crop of good sized cherries. Actually, the cherries dropping did thin them out, resulting in larger cherries and no fungal problems.

The early plum has been sweet, juicy and full of flavour. The late plum has a good crop and the nectarine cross plum has only a few fruit on it. This tree has not fruited well since we planted it and it could be, we do not have the right pollinator for it?

The apricot trees after been loaded last year were dismal in only producing one apricot this year and that was quickly consumed.

All our other stone fruit trees are loaded as are some of the apples and pear trees.

Maintain your fruit tree hygiene e.g. picking up all fallen fruit is a good start.

Vegetable Garden

The tomatoes are just sitting with one or two with small fruit on them. The leaf disease Septoria Leaf Spot has appeared on some tomatoes. This fungal problem is most present during wet weather. I have been removing the infected leaves but it is never ending. It looks like I will be spraying with baking soda at the rate of half a teaspoon to a gallon of water. Drench plants and treat every 7 days. If that treatment fails I will try Mancozeb.

The corn is reaching for the sky in leaps and bounds and my lone pumpkin is growing at a great rate all of a sudden in the last 2 weeks. All the vines planted are starting to spread with the Zucchini's bearing plenty of fruit but not being properly fertilised, evident with half yellow fruit. This is possibly due to lack of bees?

Flower Gardens

The self sown flower garden is performing well with the Dahlias growing every where and flowering blooming well!

Bird Life

I have noticed that the road kill of young birds is continuing and as I wrote previously that means drivers are not concentrating on their driving.

Next Meeting Not sure with this Covid menace because as yet – it hasn't settle down?

Harry Simm Secretary Windellama Garden Club Inc.

NSW RURAL FIRE SERVICE

Windellama Rural Fire Brigade

Last month four of our units joined Bungendore brigade in assisting Tarago brigade with a grass fire. A quick response ensured no losses other than several hay bales. We also attended a car fire on Nerriga rd providing valued assistance to the people involved.

With some good rain in the district over the last few months, the number of fires has been low but that's no reason to be complacent, as with lots of rain comes lots of growth.

We only need a few hot days too dry things out quickly which makes grass fuelled fires particularly dangerous. Grass fires can move three times as fast as a bush fire, they start easily and spread quickly. Grass fires are posing a risk this fire season so make sure you have a cleared area around your assets.

We are still in the bushfire danger period for a few more months which means no fires without a Fire Permit. A permit is not automatic and in most cases one will not be issued. Factors such as your preparation, the topography for the burn, availability of fire suppression equipment, the expected weather and the urgency to burn rather than waiting until the Bush Fire Danger Period is over.

To apply for a permit contact our local NSW RFS Fire Control Centre on 6226 3100.

Learn the 5 simple actions to prepare your property at www.myfireplan.com.au

Southern TABLELANDS BITUMEN

At Southern Tablelands Bitumen, we pride ourselves on delivering quality products and services.

With our experience and knowledgeable staff, and an eye for detail, we know we can complete your job on time, on budget and to the desired finish.

Bitumen Spray Sealing is the most common road surface used in Australia. A bitumen seal is formed by spraying of a bitumen binder and covering with a layer of aggregate. A seal may contain more than one application of binder and/or aggregate. It can be used as a surface for the following:

- ✓ Rural Roads
- ✓ Urban & Residential streets
- ✓ Subdivisions
- ✓ Car Parks
- ✓ Patching

Southern Tablelands Bitumen offer the following service:

- Primer Seal
- Single Seal
- 2 Coat Seal
- Coloured Seal

For all enquiries or a free
quote contact us on
02) 4829 8200 or visit
www.divalls.com.au

No job too BIG
or too small

This is one of the hottest months, keep up the watering and mulch where you can. Even with all the rain the surface can still dry out between showers. Check under surface for moisture, before you water the plants.

VEGETABLES

It is important to start planting cabbage, cauliflower, broccoli and Brussel sprouts, this enable them to get established before the cold weather sets in. Add plenty of compost and well rotted animal manure, also a light dressing of lime before planting. When these plants start to grow give them a side dressing of nitrogen fertilizer and at regular intervals a liquid fertilizer applied in the cool of the day will assist the plants in growing, as they all do better if grown quickly. Don't forget to cover the plants with nets to stop the white cabbage moth laying the eggs on them.

Other vegetables that can be planted are carrots, parsnip, celery, kohlrabi, lettuce, parsley, radish and turnips.

FLOWERS

You can start to plant for Winter flowers. Plant seedlings of pansies, viola, stocks, poppies and alyssum. Other flowers to plant are calendula, carnations, polyanthus, larkspur, linaria, snapdragons, static and verbenas.

Things to do now

Try to keep up with Summer weeds, remove before going to seed, don't put the weeds in the compost if they have seeds.

Spray plants with seaweed solution, which strengthens their cell walls, reducing heat stress. Cut back the central shoots on dahlia plants to encourage side shoots and more flowers.

Prune roses by one third, then feed and water to set up a super show of blooms in six to seven weeks. Give lavender foliage a light sprinkling with lime or dolomite after period of wet and humid weather. Trim camellias this month before they start flower buds, and ensure you keep them well watered.

INSECT TRAP

1 cup of kerosene

1 bucket hot water

1 cake of soap grated.

Soak around potato bag and wrap around trees. Fold edge over the tie. Leave for a year, then replace.

Our last meeting for 2021 was our annual Christmas party, held at Peter and Maria's lovely home in Lake Bathurst. Whilst there were plenty of storms threatening during the day, and a couple of light showers, the weather was pretty kind to us as we gathered for the last time in 2021 to celebrate our gardening year.

We welcomed new attendees Denzil, Anne, Liz, Anne, Tony and Beatrice and hope that they will become regulars for our little group in 2022.

Our members' gardening reports had a great deal of consistency – lots of mowing, lots of weeding and a fair bit of waterlogging, resulting in some fruit drop and other problems for our stalwart gardeners.

Not surprisingly, the snails were out in full force, munching away at any and everything they can find in the garden. It's a pity that they don't focus on weeds and not the crops; then they would be more welcome! Some members suggested beer traps and coffee grounds sprinkled around the base of plants as useful remedies for the snail and slug problem. These can be an alternative to snail pellets which can poison lizards and birds if they pick them up.

Enjoy some Christmas cheer in the garden. Photo by Robyn Briggs

The garden blooms. Photo by Robyn Briggs

The cool temperatures and overcast conditions that we have been experiencing have slowed the ripening of many fruit and vegetables, as they are clearly missing the usual summer heat, but we all agreed that the current conditions are better than heatwaves and drought. Just like farmers, I guess we are never satisfied with what the weather serves up.

Nevertheless, Doug's roses have flowered prodigiously, Kym has heaps of passionfruit, Sue is enjoying a bumper harvest of blueberries and Judy and Warren have their nectarine trees laden

with fruit, as well as enjoying a good crop of broad beans and peas.

Other members of the group are taking the opportunity to renovate their gardens by removing plants that have bolted to seed, raising beds that are suffering from waterlogging and trying new garden methods such as wicking and bathtub beds, which make it so much easier to tend and harvest the plants and is much easier on the back.

After a tour of Peter and Maria's extensive garden, which is growing and flowering beautifully, we

adjourned for the Christmas BBQ and a few well-earned drinks to celebrate another successful year in the garden where we shared our successes and near successes with our gardening friends.

COVID-19 has made it a challenging year for all of us (again), but through it all we were able to continue with our gardening efforts and gain inspiration from each other. Let's hope 2022 will be another success story for all of our members, both in and out of the garden.

Tarago Area Women's Shed

Community. Learn. Create.

What was an original discussion about wanting to learn how to make a picture frame at a CWA Craft day has become the formation of the Tarago Area Women's Shed (TAWS). Starting out as an expression of interest of TAWS on the Tarago Community Facebook page has now around 110 ladies on their own private Facebook page. A committee has been formed, other Women's Sheds are about to be visited, funding plans have started, and we may be an Incorporated group by the time this goes to publication.

Our first Gathering is in March on International Women's Day.

Our Object is "a Community of empowerment, learning and creativity." We will have guest tutors on a variety of skills and now that we have a venue from mid-March we can plan our workshops. Below is our Gathering information, if you haven't RSVPed already, pop on over to the Facebook page **Tarago Area Women's Shed** and RSVP on the Event. Jenni C.

We can also be contacted via email - TaragoArea.Womensshed@gmail.com

Welcome readers to a new year and I hope everyone is safe and well.

We are keen to get back to a sort of normality soon. The new year has also brought about a changing of the guard here at the Men's Shed with both our past president, Owen Manley and our past secretary, Lou Alaimo, deciding to leave the district. Owen will move

to Adelaide, and Lou is about to move to Canberra. At the AGM the position of President was taken over by myself, and the very capable Dom Johnson is Secretary.

Lou is a foundation member of the shed and we are sad to see him leave the district but Canberra is not too far away. So, we hope to see him drop in often. Lou, at one time or another, has been President, Secretary, Public Officer or Treasurer. Sometimes more than one at a time. He has been a key organiser, arranging grants via Veolia Mulwaree Trust, Council, TADPAI, various Australian or NSW government grants, Bendigo Bank, as well as a number of other groups and agencies. He also arranged or was involved with shed trips to the "Top End" (Cape York), Cameron Corner, Wee Jasper, the Hume & Hovell Track Head at Tumut and Stewarts Crossing, all before Covid forced a halt. We, the shed members and district in general, owe Lou a great debt for his time and fantastic efforts. Well done!

The Loaded Dog hotel supported the Men's Shed during December by holding a regular Friday night raffle with 4 prizes and a Christmas hamper with 1st, 2nd and 3rd prizes. The hamper was drawn on Christmas eve. The Loaded Dog and customers were great supporters and Men's Shed members enjoyed meeting the customers and selling tickets. The raffle, hamper and donations raised \$2489. The 3rd prize was won by Jim Venn and drawn by young hotel guest Robert Peck who was at the hotel for dinner with mum and dad. Similarly, 2nd prize was drawn by Violet Laycock and won by Dennis Fry.

1st prize was won by Penny McCarthy and drawn by Tim Long, the manager of the Loaded Dog. Men's Shed Secretary Dominic Johnson assisted with the Christmas draw.

Mens shed 3rd prize Christmas hamper drawn by Robert Peck

We have a new member, Laurie Cook who comes from Nowra and has been involved in greenkeeping and horticulture. Laurie has a wealth of knowledge in building and metalwork. He has already made a collection of tools for the metal lathe that was recently restored by John Roland and Doug. Roland produced an important part needed for the metal-lathe on his 3D printer. Chris recently returned from an extensive tour of Australia and has been working on various projects including picture frames, cutting boards and has nearly completed a resonator

guitar.

Doug is in the throes of completing a set of scales that were requested by the public school for teaching the students weights and measures. It looks fantastic and works well. Michael continues his drawings and watercolours and is working on a scene taken from a photograph that he took when visiting Greece in 2008. This will end up as a watercolour. Robert and Terry have been working with old sheets of iron that will become the bar at the showground. Hopefully, the bar will be well supported, (or perhaps it will support the drinkers) at the upcoming Tarago Show. Noel has started making a beaut coffee table for the Easter raffle. Denzil has been hard at work on the wood lathe producing three bowls from a Sassafras log and also a chessboard tray. Dom is cutting and welding brackets for his verandah roof while Peter was busy sandblasting parts of his 1966 Mustang that he is restoring. Bob made a gear rack for his motorbike after finishing a set of targets.

Mens shed 1st prize Christmas hamper drawn by Loaded Dog manager Tim Long

Catering News from the shed.

First of all, I would like to say thank you to Woolworths Goulburn Store Manager Aaron for the support he gave us for our Christmas buffet and also Frank in the seafood section. Speaking of the Christmas Buffet was attended by 26 people members and wives/partners. Our guest head chef, Geoffrey did an amazing job and the glazing on the leg of ham ensured there was only the bone left. Thank you to our guest helper, Ellen for making the function run so smoothly. Everyone had a fun time with good food and company. By the time you read this the shed will have held its Australian Day BBQ. So watch the shed Catering Notice Board for more BBQs and functions during the year.

Cheers Noel (Cookie).

At the recent Executive meeting, members decided to extend the shed opening days and times. We are now open Monday, Wednesday and Saturday, nominally 9AM to 4PM. See you there.

Thanks, everyone for listening, stay safe and we will talk same time next month.

Peter Styles.
