

## Inside Your Local Council

.... Keeping you in touch with the latest from Goulburn Mulwaree Council

### Council Meeting Briefs – September 2006

#### Corporate Plan Development

Council's draft 2006-2011 Corporate Plan will be considered by each of Council's new advisory committees and the Community Liaison Forum over the next two months, before the plan is referred to a Councillor workshop in November.

#### Reopening of Carr Street

Council resolved that a report on the results of the public consultation currently underway regarding the proposal to reopen Carr Street, and assessment of all related safety related issues, be considered at the October meeting of Council. Council will also investigate other options other to provide a second access to Run-O-Water Estate.

#### Road Widening at Boxers Creek Road

Council will purchase a portion of land at Boxers Creek Rd to remove an existing dangerous corner and construct a safer curve with the current owner's permission.

#### Rates Outstanding

Council resolved to move toward selling six properties which have rates and charges outstanding for five years or more.

#### Goulburn's bid to host 2009 Local Government Association Conference

A committee of Council will be formed to investigate Goulburn bidding to host the 2009 Local Government Association Conference. Money will be made available in next year's budget to fund the bid.

#### Draft Social and Community Plan

Council resolved to place the draft 2006 Goulburn Mulwaree Social and Community Plan on public exhibition for 30 days.

#### Highway Pole Signs

Council resolved to defer the development application to erect promotional signs at Towrang, Yarra and Currawang pending a policy review of advertising signs in rural areas as part of Council's new Local Environment Plan/Development Control Plans.

#### Outdoor Pool Opening

The outdoor pool at the Goulburn Aquatic Centre is set to open in mid November, but Council has given delegation to the Mayor and General Manager to open the pool earlier if the weather permits. Under Level 5 Water Restrictions the indoor pool will close when the outdoor pool opens.

#### Tarago Water Supply and Sewer Assessment

The recently completed feasibility study into the provision of water and sewer to Tarago village will be referred to the Goulburn Mulwaree Water Management Strategy.

---

### Précis of the Council Outreach Meeting on 12th September 2006

There was quite a reasonable turnout at Windellama Hall considering the 6pm starting time.

All but 2 councillors attended, so it was good to put faces to names.

After a few councillors and council staff gave their briefing, it was then questions from the floor.

Most questions from various members of the public were all in relation to the state of our unsealed and sealed roads, mainly Lumley Rd, Oallen Ford Rd, and Jacqua Rd.

A small briefing in relation to Ardmore Park Quarry was also given.

Thanks to Cathy Meehan & Frances Knights for supper.

## RURAL COURSES IN THE WINDELLAMA AREA

Presented by Quality Rural Solutions – Jane Vincent & Associates

### Identification & Management of Native Grass Pastures for Agriculture and Conservation

Cost: \$230 (GST free) \$368/couple

A one day workshop identifying the characteristics of local native grasses and how to best manage these grasses for agriculture and conservation. Featuring Peter Simpson, the authority on native pastures on the Southern Tablelands. Includes the book: *Native Grasses* by Meredith Mitchell.

Dates: Goulburn – 12 November 2006

### Property Management Planning

Construct a dynamic plan for your farm with both short and long-term goals. This series of 6 workshops assists in developing property management plans which will contribute to improved water quality, drought resistance, biodiversity conservation, reduced soil damage, effective weed control, and consequently increased and sustainable productivity. You'll learn map use and interpretation and how to identify soil types, land classes and vegetation communities. Alison Elvin, educator, farmer and environmental consultant with more than 25 years experience in the area, is the trainer. Participants receive a comprehensive technical manual, and several books including *Physical Property Planning and Vegetation Survey and Assessment*.

Dates: Braidwood – first course fully subscribed; second course to be advised. **Subsidised by Southern Rivers CMA (so your property needs to be in this Catchment).**

Coming soon to other CMAs –register your interest now.

Both NSW DPI and some CMAs, have advised that the availability of funding for Landcare projects like riparian management, may hinge upon farmers completing relevant training, such as Property Planning, first.
