Our Sponsors

Annual Subscriptions - please send your details and **\$25** (cheques payable to 'Windellama News') to cover the annual cost of postage.

All cheques please post to:

The Secretary, PO Box 705, Goulburn. 2580

* Unpaid subscriptions will be cancelled after one month

If you have any short articles, anecdotes, or something else interesting about yourself, your family, or the community; please write it down and drop it in our letterbox at the Hall. We will edit it and publish it in the Windellama News.

A LOCKED POSTAL BOX IS AT THE FRONT OF THE HALL, 3444 OALLEN FORD RD, IN THE STONE WALL FOR THE COLLECTION OF ITEMS FOR PUBLICATION

Items left in the box after the deadline will not be collected or included in the News

Articles, adverts, etc may also be sent by email to:

[**newswindellama@gmail.com**](mailto:newswindellama@gmail.com)

Adverts sent by email will not be inserted unless payment is received by the deadline.

Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment.

If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty.

Beware Thieves About

Around 10 - 11pm on the night of Monday 14th September, a place out on Inverary Rd was broken into whereby the offenders, in a truck, stole a number of pieces of agg. equipment from the shed. The same truck was also heard on a neighbouring property.

Keep a look out for your property and the property of your neighbours.

Bungonia Wine and Cheese Night

Saturday October 17th at the Bungonia Community Hall

Come along to get to-gether and meet other residents, a chance for newcomers to introduce themselves.

Everyone brings whatever they want to drink, alcoholic or/& soft and nibbles & finger food. This is not a fund raiser so leave your purse at home. First drink poured about 7pm.

This at the Bungonia Community Hall and is a Progress Assoc. Event

Coo-ee We Want You to Step Back in Time in Tarago

On Monday 9th November 2015 the 100 years re-enactment of the Men from Snowy River will march in

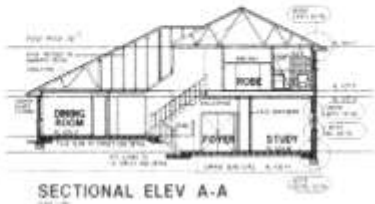

Tarago and we invite you to be part of this historical experience. If you have a family connection you are most welcome to join the march down Boyd Street from the Tarago Hall to the Tarago School. Those not marching please step back in time and come and line the street to witness and cheer on this piece of history re-enacted in our village and join us at the Tarago School for the service and then back at the Hall for lunch provided by the Tarago & District Progress Association Inc (TADPAI). Please see the full details of the Tarago part of the march in the article of the October issue of the Tarago Times and the full itinerary of the march and details can be found on the website

www.themenfromsnowyriver.com.au.

Windellama Progress Assoc. Report

REPORT FROM WINDELLAMA PROGRESS ASSOC.

The next meeting of the Progress will be held on Sunday, 25th October and we are hoping that lots of local residents can attend.

The meeting will commence at 11 am and the meetings normally last approximately one hour.

The Progress is looking at projects to undertake from the Village Reserve Funds granted to them from Goulburn Mulwaree Council.

Come to the October meeting and share any ideas you may have in relation to improvements at Windellama Community Hall.

Our new awning has now been erected and the concrete slab has been laid for the band on Field Day.

Windellama Community Hall is the PLACE TO BE!!

Christine Woodcock - Secretary

WINDELLAMA PROGRESS HALL ASSOCIATION INC

Change Dates to Suit the Community!

NEXT MEETING will be held **Sunday, 25th October 2015**

11 AM

Dates for future meetings have been changed to enable more members of the local community to attend

We need you and your ideas!! We would love to see you at this meeting.

Come and meet other residents and support your local community.

Craft @ Windellama Hall

We have decided to continue through with craft this winter. We meet from the second Tuesday of the month 1—4 pm. For more information please call Irene Turner on 48445 214.

Wanted to contact -

Adolph from the Mayfield area who bought my .410 shotgun 2 yrs ago - please phone me urgently On 48459147 - Geoff. This is very important.

Windellama Garden Club

Hi Everyone

Our last meeting was held on the 8th of September at the home of Harry and Tanya Simm. Thank you for letting us into your beautiful home and gardens..

We discussed if we should change the date for the high tea but everyone thought a month's notice was enough time for all to reply.

We would like to thank Mick from Mick Multi trades for fixing the toilet block at St Bartholomews Church for us and to Keith Roach for donating a 1000 litre tank for the toilets as well.

Our next excursion is to the Tulip Top Gardens at Sutton on the 22nd September. We will be leaving at 9am from Harry and Tanya's home as we will be car pooling.

TID BITS FOR YOUR GARDEN

It's safe to plant out potted perennials appearing in garden centres as the weather warms.

Water and liquid feed regularly spring bulbs in pots as the weather warms.

Finish mulching your garden within the next couple of weeks.

Now is the time to plant out potted herbs. Instead of a dedicated herb garden plant your herbs among your existing shrubs to discourage pests.

Our next meeting is on the 6th October at Johnno's Corner Shop at 10am.

Happy Gardening

Ros Woods

Windellama SES First Aid & CFR

We now have four new CFR members, this will help us immensely in our roster system, which means a bit less pressure on the old team.

Congratulations and thank you for showing that you are truly dedicated to provide special service to the community as a whole.

I have one new member yet to be signed up, he is interested in CFR, there are two other possible members who can keep him company.

There has been a bit less activity for our CFR group so far this month.

We, as an SES unit played host to 5 Crookwell SES members, who did the Map and Navigation course around Stuart's Crossing area a couple of weeks ago. Inter Unit cooperation at it's best. These people have been out to instruct us on certain courses.

We assisted with the push bike ride around through Windellama- Bungonia and back to Goulburn on Sunday. There was only one chap who needed first aid.

Regards

Kevin Muffet

Captain – Rex Hockey 4844 5147

Snr Deputy – Jim Meehan, 4844 5554

BUSH FIRE DANGER PERIOD COMMENCES ON 1ST OCTOBER 2015

SOUTHERN TABLELANDS ZONE

NSW Rural Fire Service SOUTHERN TABLELANDS ZONE has declared the start to the statutory Bush Fire Danger Period (BFDP) as at 1st OCTOBER 2015.

From October 1, any person wishing to light a fire in GOULBURN MULWAREE, UPPER LACHLAN and YASS VALLEY Local Government areas will require a permit.

During a Total Fire Ban however, no fires of any kind may be lit even if you hold a permit.

PERMITS REQUIRED From October 1
Fines can apply if regulations are not carried out.

**** Windellama Get Ready Day – 28th November 2015 ****

All welcome come along and meet members of the Brigade, enjoy a sausage sizzle.

The Brigade will be holding the Rural Fire Service Get Ready Day at the Windellama Brigade Shed, 3762 Oallen Ford Road. This day will replace the two function days previously held the Open Day and the Information Day. This is an event offering informative discussions on fire safety,

The Coming Fire Season

A Seasonal Bushfire Outlook report released early September has labelled the Southern Tablelands district as an area with “above normal” bushfire potential. In assessing the risk, the Bushfire and Natural Hazards Cooperative Research Centre took into account factors such as recent rainfall, long term rainfall deficit and long term climate drivers. Leading into this year, many areas have consistently received below average annual rainfall across successive years. This has produced a cumulative reduction in soil moisture levels and increasingly dry forests and grasslands. **Take Care:** We would like to remind you that extreme care must be taken when working outside such as welding or using grinders and in particular when driving in long grass or using a slasher or mower as all these events can easily result in the start of a fire.

Over the Last Month

The Captain Rex Hockey advised that there was one incident in the last month which resulted when a disused campfire reignited after use from strong winds.

Training:

If you wish to take part in the Windellama Brigade training or be contacted by email regarding the monthly training details visit the Brigades website and send an online contact form or email windellamarfsttraining@gmail.com. For information on training dates, times and scenarios check the Brigade website or contact the Captain Rex Hockey 4844 5147

RSVP by Thursday 15th October 2015 to:

Ros Woods on 4844 5128

or Harry Simm on 4844 7061

Windellama Garden Club

Hi Everyone,

Due to a computer glitch this should have been submitted last month.

Our last meeting was held on the 18th August at Ros Woods' place where we discussed the wash up for the recent CANASSIST Cake auction.

A great day was had by all and we would like to thank everyone for their support. Without community support the day would not have been the success it was. With your support we have been able to donate \$3,676.30 to CANASSIST. This is the full proceeds of the day with all costs incurred funded separately from club funds. We are the third highest in donations for this region and only beaten by very large organisations (Goulburn Workers Club and the Goulburn Racing Club). For such a small community this is a magnificent effort. All our families have, or will be affected, in some way by cancer and this funding will assist at those difficult times. Without your support the day would not have been the success it was.

We would like to thank everyone who assisted us on the day whether through cooking, helping in the kitchen, on the stall, selling raffle tickets, running the auction or just being to help buy the cakes. THANKYOU ALL!

We would like to thank Gary Laurigan who came along to the meeting to discuss the aims of the Progress Association.

Our next meeting will be held on the 8th of September at Harry and Tanya's place.

Our next major event will be the High Tea on the 22nd October.

TID BITS OF INFORMATION FOR YOUR GARDEN IN AUGUST

Complete pruning of rose bushes.

Look for Camelias and Azaleas at garden centres while in flower to plant now.

Finish pruning crepe myrtles now as they flower on new season wood.

Note: Fuchsia's can only be planted up after the frosts.

Happy Gardening

Ros Woods

This month is regarded as one of the busiest times for the home gardener. The flowering trees, and shrubs should be in bloom. Fruit trees should be in full flower, if you haven't spray your nectarine and peach trees for curly leaf it is too late to spray now.

VEGETABLES-

Seeds;- sow carrots, parsnips, beetroot, peas, cabbage, silver beet, radish.

Cucumber, zucchini, melon-rockmelons and watermelon, start the seed in pots as they like a warm soil to grow in, plant them out in November in a sunny position and in a garden containing plenty of compost.

Pumpkins and squash also like a warm soil to grow in, start them off in seed pots.

Parsley and most herbs can be grown from seed this month. Capsicums and chilli seeds can also be grown this month. Watch for frost, cover the plants if they are in the garden.

Sweet Corn likes a dressing of compost complete fertilizer just before sowing the seeds. Plant the seeds in a block, it helps pollen from the male flowers or tassels at the top of the plants have the best change of falling on the female flowers half way up the stems. Space rows 60cm apart. Sweet corn cobs are suitable to freeze.

Tomatoes, I would start them off this month in a green house and plant late October to November when the soil is warmer, and cover if there is any sign of frost.

Beans, bush and climbing can go in now. I grow purple king climbers and have a good crop.

Celery seedlings can go in now, but watch for slugs and snails they love them.

If growing cabbages or broccoli watch for white butterflies cover with a net if you get too many.

FLOWERS-

Agertum, alyssum asters, balsam, carnation, cosmos, dianthus, gypsophila, larkspur, linaria, lobelia, livingstone daisy, marigold, nasturtium, pansy, petunias, phlox, schizanthus (poor man's Orchid), portulaca, snapdragons, verbena. Seeds or seedling can go in now.

Dahlia;- seedling of dwarf varieties, grow to 60cm in height, and come in colours of yellow, reds and pinks. These don't require staking.

The taller dahlias have a tuber which come in different styles and colours growing from 1.5-2 metres in height and requiring a firm stake for support. Give them some compost to grow in.

LOOK OUT FOR FRUIT FLY- For a bait make a 5mm hole halfway up a small plastic bottle. Put in half a teaspoon of vegemite and some diluted fruit juice, replaced lid and hang in your tree. About 1 for 4 trees. Refresh fortnightly.

Roses- repeat-flowering are in bloom this month. Make sure the roots are kept moist, a deep watering once a week and apply a liquid fertilizer for the flowering plants every fortnight. Deadhead spent blooms regularly to encourage a succession of flowers, and pick off any diseased leaves. Keep on top of aphid outbreaks, too with a quick squirt of soap spray.

Angelic Reiki® Levels 1 & 2 Certified Course ~ November 2015

Cheryl Peel and Bronwyn Griffiths

invite you to join with us to experience this transformative healing modality. This course will give you a unique opportunity to begin the journey to learn the full Angelic Reiki® system as downloaded from Archangel Metatron, by the co-founders Christine Core and Kevin Core. Angelic Reiki® is not just another Reiki or healing system. It is the fulfilment of the Divine's invitation for your return to Home, through the Angelic Kingdom of Light. This system will support you on your own personal healing journey. It may even reveal your dharma and life purpose.

It will give you the guidance to be able to help family and friends. With further training and learning you can become a professional healer and teacher.

It is open to anyone who has a desire to come to and work with the Angelic Kingdom of Light. Previous experience or not will not matter.

This course includes: ~

- Two angelic cleanses and attunements**
- One archangelic initiation and blessing**
- A definition and understanding of the nature of angelic energy**
- The principles of clearing and dedicating a space**
- Six healing methods including self and distant healing**
- Four practical healing exchanges**
- Cleansing and attuning tools**
- The laws of healing according to the Divine**

In Atlantean times, we knew we were Divine and lived as such. Angelic Reiki® is one of the main triggers, here on Earth today, for the reawakening of this remembrance.

Thank you for your interest in Angelic Reiki® - Levels 1 & 2 Certified Course.

When and where:

Friday night 27th November 2015 6.00pm – 9.00pm

Saturday 28th November 2015 9am – 5pm

Sunday 29th November 2015 9am – 5pm

at the

CWA Rooms, 2 Montague Street, Goulburn. NSW

Light refreshments, including lunch, are complimentary. If you have any other dietary requirements you will need to bring your own food as the menu is set.

For registration details or any questions you may have, including cost and payment arrangements, please email bjgriffiths1206@gmail.com

Please register as soon as possible, as a signed, submitted registration form and pre-payment, secures your place in the program.

With gratitude
Cheryl Peel & Bronwyn Griffiths
Angelic Reiki Master Teachers

WillowGlen Gardeners

This month we carpooled up to the Camellia Nursery at Theresa Park near Camden (a favourite old haunt of Irene & Lloyd – but how things had changed over time) and were greeted with sunshine and warmth for the first day of spring.

We met Wazza & Jude's current overseas houseguests over morning tea who are looking forward to feeding Irene & Lloyd's new poddy lamb tomorrow, a real farm experience for these international students. Then we wandered up and down between rows and rows of camellias and many other types of plants & trees.

One of our garden club members had brought camellia flowers from her home garden for each of the girls but actually the boys looked very dapper sporting them (eyes left).

Finally, buying fever struck as everyone scrambled to sort out his or her (yes, mainly her) spoils from the nursery's sales gazebo, all very reasonably priced (right).

Afterwards, most of us headed to the pub at Camden and enjoyed a hearty meal together, a very pleasant way to relax, catch up with each other and chat about how lucky we were to have such beautiful weather.

Our next meeting is Tuesday 6th October at Ron & Thoreen's home at Windellama and you are all welcome.

Nerriga News

It is always good to report good news. This year's Bargains in the Bush, held on Saturday, September 19, brought NPSA their best results yet. The Cake Stall went amazingly well, as did the Cafe and Sausage Sizzle, and the White Elephant Stall and Giant Book Sale rolled along extremely well too.

Thanks to everyone who contributed in every way.

OALLEN FORD BRIDGE

The building and opening

Up until 1934 the road between Windellama and Nerriga could not be used on a regular basis due to the condition of Oallen Ford crossing. There was no bridge over the Shoalhaven River then and when the water level was too high a detour had to be made via Braidwood.

The matter of a bridge came before Mulwaree council on a number of occasions but as it was on the border with Tallaganda shire and the proximity to Nerriga it was felt it was more a matter for Tallaganda shire.

James Dunn of Nerriga and others put a petition to the councils and in early 1934 an often heated meeting was held on the banks of the river near the crossing. Following the meeting and representations to the NSW. Government the go ahead was given to build a bridge. The cost of £1600 being funded by a grant of £1000 and the remainder of the cost to be divided between the two shire councils.

The designs were drawn up by the Engineers of the two councils and Mr. J. Harrison the Mulwaree shire engineer supervised the work on the bridge. The bridge is of five spans and over 120 tons of concrete was used for the piers. Due to there being no hold ups in the construction because of bad weather the cost of the bridge was just over £1430.

For years the crossing of the Shoalhaven River was a risky endeavour but the bridge opened up the road between not only Windellama and Nerriga but provided a road from Goulburn to the coast.

Over 200 district people were present for the opening at 3 pm on 7 October 1935. The official party was made up of J.M. Tully and H.J. Bate MLA's in the NSW. parliament, the Mayor of Goulburn Ald. T.P. Manion, President of Mulwaree Shire Cr. J.J. Walsh, Mayor of Braidwood Ald J.J. Roberts, President of Tallaganda council W.U. Alley, President of Clyde council Cr. Boag and the Minister for Local Government Mr. E.S. Spooner.

After Mr. Spooner cut the blue ribbon and declared the bridge open a discussion was held to decide which car would be the first to drive over the newly opened bridge. While the party were making this decision a motor car could be heard in the distance and then a very travel stained old touring car came into view, bounced over the stones on the Nerriga side and rattled across the bridge without knowing the honour they had bestowed on themselves which would have had some people remembering the incident at the opening of the Sydney Harbour Bridge a few years earlier. The occupants of the car were Mr E. Shaw, Mr C. Pryke, Mr H. Alcock and Mr T. Alcock all of Dumbleton who had been camping near Nerriga and were unaware of the new bridge or the opening ceremony.

After the opening ceremony a dinner was held at the Commercial Hotel at Nerriga followed by a dance, these two functions being organised by the Nerriga Progress Association.

Get Bushfire Ready This Spring

The work an individual does to prepare their property also plays a critical role in bush fire management, if your property is not prepared then embers will find somewhere to land and cause spot fires.

Clearing trees within 40 metres of a house is the most effective way to reduce the probability of it being destroyed in a bushfire. (ANU)

clearing**

Oallen Ford Bridge opens to traffic

Traffic is flowing across the new Oallen Ford Bridge. The two lane concrete bridge replaces the existing bridge and causeway crossing of the Shoalhaven River. The new bridge was built five metres higher than the previous structure to ensure it remains open unless there is extreme flooding in the Shoalhaven River.

The new approaches have straightened out some tight bends and the previous load restrictions will no longer apply.

The project cost \$3.2 million in total. The NSW State Government contributed \$2.7 million to cover the cost of the bridge and Goulburn Mulwaree Council has funded the approaches.

Mr Warwick Bennett, General Manager of Goulburn Mulwaree Council thanked the local community for their understanding during the construction period.

New Oallen Ford Bridge 'Council appreciates the patience of local residents, especially in the last phase of the project when the road was closed, adding to daily travel times.'

The project was a combined effort by bridge building contractor, CivilBuild, Consulting Engineers Land Team, local earthmoving contractor, Divalls and Council's own work crews.

'Each is to be congratulated for the successful completion of this project, in what were at times, trying conditions.'

Mr Bennett went on to say, 'Windellama district residents are delighted with the new bridge and improved access over the Shoalhaven River. Goulburn residents are looking forward to a smooth drive to the Coast in time for summer.'

It is eighty years since the Oallen Ford Road had a new bridge. Workers discovered the original commemorative stone marking the opening of the previous bridge in September 1935.

There will be an official ceremony to open the new Oallen Ford Bridge on Thursday 12 November.

Original Bridge commemorative stone

Nerriga Gardeners

Today, Nerriga Gardeners visited the gardens of Sandra and Robert South, and Alison & Warren Stutchbury in Mongarlowe. Both well established gardens that have benefitted from the care and attention from their owners. Mongarlowe's original post office resides at the South property also, a solar operated fountain. Camellias abound at both property with the rest of the garden waiting on Spring to really arrive. Next meeting will be Wednesday, October 21, details to be advised.

Rotary Swap Meet & Market Day at Crookwell

Showground, Sunday 25 October 2015

A large variety of new & old goods on offer including collectables, clothing, footwear & normal swap meet items. Again there will be static displays featuring a large number of various makes & models of cars. The swap meet is the destination for the 2015 Canberra – Crookwell Charity Cruised organized by the Falcon GT Club of Canberra. (Contact: Tony 0410 620 622 or info@falcongtclubact.com.au)

Outdoor & indoor sites are available starting from \$15 per site & a \$50 lucky stall draw will again be available to participants. Set up from 12noon Saturday, gates open 6.30am Sunday. Free camping on the ground Saturday night with coin operated hot showers available.

SYDNEY EXCURSION

Students from Windellama, Collector and Breadalbane Public Schools attended an overnight excursion to Sydney to enrich a history unit of work on The First Fleet. The 2 days were filled with many fabulous opportunities for students to share their knowledge and learn new facts about this period of Australian history. We went on an Aboriginal harbour cruise, a walking tour of The Rocks in period costumes, and a visit to Hyde Park Barracks where students slept in hammocks just like the convicts. The next day we had a tour of the Maritime Museum, a replica of the Endeavour and a warship.

Students at Hyde Park Barracks, Sydney Harbour and The Rocks.

SPACEXP0

SpacExpo is an annual event that Windellama students attend. This year the K-2 students went along and enjoyed it immensely.

Mia, Sam and Sienna enjoying the SpacExpo.

KINDERGARTEN ORIENTATION

Our comprehensive Kindergarten Program has begun very successfully. We have the second orientation is 22 October.

ENROLLMENTS

We are currently taking enrolments for 2016. If you live locally and would like to come to our wonderful school, please contact us on 48445130 and come and meet us and a tour of the school.

REQUEENING YOUR BEEHIVE

Bob Shaw .

Inspections of your beehive at any time of year can reveal that the bees are becoming savage , or that the hive is losing productivity due to reduced numbers of workers in the colony .

A queen bee left undisturbed by man , can live up to about 5 or 6 years .As the queen ages , her egg-laying capacity diminishes , as does her pheromone or queen substance production . If she was poorly mated , or is very old , she may exhaust her stored sperm supply , and begin laying only unfertilised eggs , resulting in very high numbers of drones in the hive .

All of these problems can be fixed by introducing a new , young queen to the colony. This can be achieved by buying a queen from a reputable queen breeder , or by breeding your own new queens . Probably the easiest method for the backyard beekeeper is buy a queen from a breeder , who with some input from you can determine and supply the best race of bee for your needs . Queen bees range in price from about \$20 to around \$28 and are sent by express post , to your door . They come in a small cage with some attendant workers , and a supply of food in the form of a plug in one end of the cage. Some queen breeders will mark the queen with a spot of white paint on her thorax to facilitate her easier location in the future. This may cost a little extra , but is worth it .

To introduce the new queen into the colony , it is first necessary to find and remove the old queen , since the new and old queens will fight , usually to the death , if they are both in the hive . Usually the young queen wins , but may be injured , and rejected by the bees , thus wasting your money and possibly resulting in the eventual death of the hive , since the queen is the only fertile egg layer in the colony.

Some beekeepers like to leave the colony queenless for 24 hours before inserting the cage with the new queen , I prefer to kill the old queen and then immediately insert the caged new queen between two centrally located brood combs , with the food plug end of the cage angled slightly upward.

The bees in the cage , and those in the hive ,will eat through the food plug releasing the new queen into the colony , where she will quickly begin laying . During the release process the hive bees will communicate with the queen and her attendants who will pass on the new queens' pheromones , which will have an immediate calming effect on the hive bees .

The beekeeper should leave the new queen and the colony alone for a week to ten days ,before checking to see if the new queen is laying eggs , as early disturbance can result in rejection if the new queen .

Next time - Breeding Your Own Queens

Till then happy and productive beekeeping.

MYOPATHY

‘An invisible death sentence for our wildlife’

By Kay Muddiman – Publicity Officer

Domestic cats and dogs pose a serious threat to wildlife because of their natural hunting instincts. Many pet owners don't think about what their pets get up to outside, but even the most docile of cats or dogs can chase, prey on or kill native wildlife because they are natural hunters and carnivores.

We are all aware of the obvious physical injuries that can be inflicted by a cat or dog attack, but many are unaware of the (mainly) dog inflicted invisible killer – myopathy.

What is myopathy?

It is the collective term for many and various muscular conditions which can affect not only humans, but all other animal species.

Myopathy in macropods. (*Wallabies, wallaroos and kangaroos*)

How does it happen?

When a muscle is exerted (used) its metabolism changes from aerobic (uses oxygen) to anaerobic (uses stored energy in the muscles). This leads to the build up of lactic acid causing acidosis. Lactic acid in the bloodstream drops the pH in the body, affecting heart output. If the heart does not pump oxygen to the muscle it starts to die. When the muscle dies over the next 7 days, it releases a product called myoglobin (breakdown product of muscle). Myoglobin damages the excretion part of the kidney (the renal tubule). Other organs are affected: the lungs become congested and bleed. The liver becomes swollen and pale. Death will occur within 2 - 14 days after the stressful incident.

Myopathy in macropods happens when an animal is under extreme stress, for example when it is being attacked or chased by a dog (either domestic or feral). It is natural for us to think that if the dog did not catch the animal then no harm has been done; the dog had a good run, and the animal got away. However nothing is further from the truth, the animal does not have to be injured directly to develop myopathy. In reality the animal may have got away, but will not escape a painful and slow death. Usually we will not see an animal in this state, as it will go somewhere quiet and out of sight to die.

It is very unfortunate that this situation takes place on a regular basis in the country, as it is avoidable (when it comes to domestic dogs), just by keeping them contained in a yard at night when most Australian native animals are more active. During daylight hours when your dog may be 'out and about' with you, do not allow it to chase native animals.

Every cat and dog deserves a safe home where it is loved, cared for and kept free from hazards. It is also possible to help your pets and wildlife co-exist safely. So, please be alert to what is taking place around you, and help our native animals survive in an ever diminishing natural environment.

Should you need advice or help with injured or distressed wildlife, please ring our Branch Rescue Number – 4822 3888. Our volunteers will be only too happy to assist.

Until next time,

Take care all,

Kay

Goulburn and surrounding areas

Hello Everyone,

We will sadly miss Bruce Hush as a member of our Museum and as a friend to many of us. He was a wealth of information on the Windellama area, he enjoyed coming along to our excursions and we have some much cherished memories of Bruch, our thoughts are with his family at this sad time.

OUR NEXT EXCURSION:

The Old Spa will be the venue for our next excursion (weather permitting) we will have lunch on top of the mountain, overlooking the Shoalhaven River, after lunch we will head off to the Old Spa which is at the end of the water race. 4WD's will be essential for the trip to the end of the water race. We also hope to visit the old Spring Creek school site on the way to our destination.

DATE: Saturday 31st October

TIME: We will meet at the Museum at 10am

What to bring: Drinking water, good walking shoes

Numbers will be limited, so please book in early by ringing one of the committee people below

or ring Joanna on 48445125

Come and visit the Windellama Museum and have a look at the extensive display on our local Anzacs, local men that fort in the 1st & 2nd World Wars, lived right here at Windellama. We had a lot of new visitors at the last market day, they were very impressed on Windellama History and how it has been preserved in our wonderful museum.

The museum is open on Market Days - every third Sunday of each month, from 9ish-am till 1ish-pm

There is a selection of Windellama local history books by Tom Bryant and books by our local poet, Rex Hockey as well as the ever popular Wild Windellama by

Carina Clarke for sale in the museum; we also have bookmarks and postcards with images of early Windellama.

Our Next Meeting will be Saturday 3rd October 2015 10am

NEW MEMBERS and GUESTS ARE ALWAYS WELCOME

For any enquiries please contact: Rex Hockey: 48 445147

Lowline Cattle

A small beefy, Angus derived breed – quite & easy to handle.

Why Lowlines?

MORE BEEF TO THE HECTARE

- ✓ smaller size means easier handling ✓ higher stocking rates
- ✓ low birth-weights ✓ early maturity ✓ compact bodies
- ✓ excellent feed efficiency ✓ less stress on fencing ✓ less soil compaction

Great for first time cattle owners of any age and gender
