

Get both your flower and vegetables garden ready for spring, add compost and old animal manure dug well into the soil. Add a handful of lime per metre where you are going to grow spinach, silver beet, cabbages, peas, corn and beans.

Don't add lime for strawberry and tomatoes and blueberry.

VEGETABLES to sow now-

Seeds- carrots, parsnips, lettuce, silver beet, onions and peas.

Seedlings- cabbages, lettuces, onions.

Plant asparagus and rhubarb crowns.

FLOWERS

Seeds- petunias and phlox.

Seedling- pansy, viola, stocks, snapdragons, aquilegia, carnations, dianthus, sweet Williams, alyssum, poppies and larkspur.

Prune roses and fruit trees now, and spray with Lime Sulphur or Bordeaux.

Spray apples, pears, plums, quinces and your roses with winter oil this controls mite and scale.

Spray peaches and nectarine with Lime Sulphur or Bordeaux no later than the pinking of the buds -

To prevent leaf curl, you should also spray flowering peaches.

SCALE AND MEALYBUGS;

Make an oil preparation that suffocates them by mixing four tablespoons of dishwashing liquid into one cup of vegetable oil. Mix one part of that mixture to about twenty parts of water, put it in your sprayer and spray the affected plants. Repeat after rain.

BLACK SPOT FUNGICIDE

Add three teaspoons of bicarb soda to one litre of water. Don't make it any stronger because it'll cause all sorts of problems. Add a few drops of either dishwashing liquid, or fish emulsion to help the solution adhere to the leaf more effectively.

PLANT OF THE MONTH NARCISSUS

Daffodil, jonquil, campernelle.

Daffodils, Jonquils, Narcissus and Campernelles are all part of the genus Narcissus, They grow

from autumn planted bulbs all produce long flat or hollow leaves and a single stem of flowers. They vary widely in colour, perfume and numbers of flowers per stem.

Native to the northern hemisphere, these bulbs have evolved to cope with cold winters and are often short lived where winters are mild.

Where winters are frosty the plants can be grown permanently in the garden. Plant the bulb in autumn 15cm apart in drifts, in any average well drained soil. Water deeply once and not again until shoots have appeared. From then on keep the soil moist, but not too wet. After the bloom, continue to water and feed the plants which will be forming next year's flower buds within the bulbs. Never cut green leaves off or tie them into knots. As the leaves begin

to yellow, gradually reduce watering. When the bulbs become congested lift and divide and replant in autumn. Protect the bulbs from the hot summer sun.

HERB OF THE MONTH NASTURTIUM

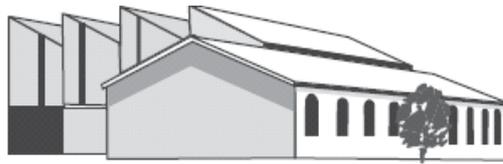

There are many varieties of this colorful hardy annual plant-climbers, semi-trailers, spreading and compact dwarfs. It has round flat leaves with yellowy-green veins and red, yellow or orange trumpet flowers which appear from midsummer to midautumn.

The plants thrive in the sun or partial shade, sow seeds singly 20cm apart in late spring in free draining soil. The poorer the soil, the more flower.

Both the leaves and flower buds have a cress-like flavour and add bite to salads and sandwiches. The seeds are used chopped as a substitute for horseradish in sauce. Use the flowers as a garnish. The leaves have a high vitamin C contents and are thought to relieve cold symptoms.

The nasturtium seems to attract hoverflies, which will attack aphids on nearby plants, also attracts the white cabbage moth a good companion plant for the garden.

Police Beat

Crime:

During the month of July, reported crime in the area has been steady compared to June.

Illegal hunting and shooting activities

Area's surrounding the Covan Creek Road in Lake Bathurst, Sandy Point Road, Mayfield Road and Oallen are still a major concern, and will continue to be targeted, as a number of illegal trespassing, hunting and shooting activities are still occurring in these areas.

If you can assist in this area please do so and contact police if you see these types of activities in your area. If possible, any registration or partial registration numbers would be a great assistance.

During the weekend of the 11th of July unknown offender/s trespassed onto a property in the Oallen area shooting deer. These deer were left on the property for the owners to clean up. As well as the deer that were shot, two six week old hereford calves have gone missing. It's not clear at this stage what has happen to the calves but police are currently investigating the complaint.

Also report to police on the 8th of July was another incident where unknown offender/s have forced entry into a hundred acre property on the Sandy Point Road Mayfield were hunting activities are suspected to have taken place. In this case the chain was cut to gain entry.

If you are one of those continuing to hunt from a public road and shoot animals from the road, remember, you are committing an offence to possess and discharge a loaded firearm from a public place, being the road in which you shoot from. For example; Section 93G (1)(A)(i) of the Crimes Act 1900 relates to a loaded firearm in a public place, Section 93G(1)(b) relates to the discharge of a firearm in / near a public place and Section 93G (1) (C) relates to the discharging of a firearm likely to injure. Note, all these offences are indictable matters and carries a lengthy custodial sentence. Please be warned, if you are caught possessing, discharging a firearm in a public place you will be dealt with, no exception.

On the 17th of July two Alpacas in the Mayfield area were attacked by dogs which caused serious injuries. One alpaca had to be put

down and the other required treatment from a vet. The future of the second alpaca is not yet known. The owner of the alpacas is quite distressed over the incident as they were left on his property as well as the financial cost involved.

Like most of you, I to am getting tired of these complaints about hunting and the bleeding of hunting dogs in either public places or on private property. A more proactive approach is going to be taken in an attempt to reduce these concerns.

If you are a property owner and have similar issues with your stock, I urge you to take appropriate action to protect your live stock.

Fire:

Around 5:30pm on the 8th of July, a small office fire was reported at the Tarago service station. The cause of the fire was suspected to have been started by an electrical fault from an external power supply. As a result of the fire no one was injured, with only minimal damage due to the quick responses by the staff working at the service station.

Accidents:

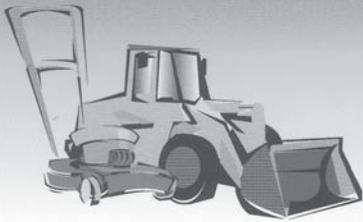

A two vehicle accident occurred on the Mount Ash Road Bungonia on the 12th of July. The accident involved two vehicles after one of the vehicle's failed to navigate a sweeping left hand bend as the driver was affected by the sun, which caused the driver to veer to the middle of the road which caused a vehicle towing a piece of agriculture equipment to take evasive action and veer onto the gravel shoulder of the road. In doing so the trailer jack knifed and collided with tree branches that saw the trailer and tray attached to the utility sustain damage. The accident was treated as a minor traffic accident as both drivers returned a negative breath test and didn't require towing. As a result of the accident no one was injured and the assistance of an ambulance wasn't required.

Stock

On the 3rd of July there was a report of a Ram going missing from Sandy Point Road, Tarago. This matter is still being investigated by police. If you can assist in this matter, please contact the station with any information you may have.

There have been a number of calls received about animal welfare in the area. Remember, if you have any concerns about any live stock

Because we have a legally registered tow truck, means we can tow or carry,registered or not.....

!Cars !Machinery !Sheds !Boats

!Trailers !Caravans !Building Materials

!Move transportable water tanks etc

Car broken down? We'll pick it up and take it to the servo for repairs.
Bogged? The truck is equipped with a seven ton winch—lotsa grunt!

Want to tow a large or small unregistered caravan/trailer to or from the coast or even next door and found out permits are not available for this?

We can do it, either tow or carry and it's all legal.

Phone Col 0427 481 632

Sorry not equipped to carry shipping containers or livestock.

Cut out and keep this ad - handy in your car for emergencies

you can report the matter to the RSPCA on the numbers below.

If you have any concerns you would like to report in relation to animal welfare, you can contact the Tarago Police Station on 48494411 or the Rural Crime officer attached to the Goulburn Police Station on 48240799 or contact the local RSPCA cruelty complaints on 97707555.

Theft

There have been two reported incidents of property theft for the month of July.

A "weekender" on the Mayfield Road Mayfield was broken into where an amount of fuel was taken from the sheds on the property. As well as the fuel being stolen the offenders have taken the motor bike from the shed and rode it around the property before the bike was put back in the shed.

Crime scene attended and examined the location for fingerprints. Prints were lifted from the scene and sent away for analysis. Police are hopeful that a positive outcome can be reached and the offender/s are apprehended.

Police also attended the Lake Bathurst Function Centre on Braidwood Road as a large quantity of water was reported missing from the rain water tanks attached to the premises. The owner of the premises found the rear gate open and the tanks emptied.

Please stay vigilant around your area and report anything minor or major in these areas. Simple things such as making sure your property is locked and secured and take valuable items out of your vehicle so they are not in view for any possible theft. Remember, many thefts are committed by the opportunist and can be avoided by the simple things you, yourself can do to prevent.

With your help and assistance I hold confidence that we will reduce the amount of property theft being reported.

Community Notice:

Traffic operation "compliance 3" was run on Wednesday the 8th of July in the area. As a result of the statewide operation that targeted mobile phone, seat belts, vehicle compliance, school zone offences and bull bar offences, it's pleasing to see there was nothing adverse detected in our local area.

Also starting from the 1st July saw new

legislation come into affect targeting smoking in vehicles.

The new Act creates new offences under section 30 (1) and section 30 (2). Section 30 (1) provides an offence now for a person to smoke in a motor vehicle on a road or road related area if there is a person under the age of 16 present in the vehicle. Section 30 (2) provides the driver of a motor vehicle in which a person is smoking in contravention of section 30(1) is also guilty of an offence.

So in short, if someone in the vehicle is smoking and there is a person under the age of 16 also present in the vehicle, that person and the driver are both guilty of an offence.

If you are not sure of what a road related area is, please contact the station and seek advice and prevent a fine.

Public Interest:

I thank all those who have taken the time to return their rural property / farm information sheets to the station. If you are yet to complete yours, it would be most appreciated if you could complete and return the form as there are still a lot to be received.

If you require a property inspection form, please contact the station for one to be sent out to you, or you can pick one up from the station during work hours.

Apologies

I have to take this opportunity to publicly apologise to Eddie at the Tarago waste recycle plant. After preaching to all about the safety of their wood heaters, I was the first to add ten years to Eddie's life when I disposed of week old ashes from my wood heater at the tip. This has caused rubbish in the truck to catch fire which luckily Eddie was able to put out. If there is a way I can reduce the years I caused to you Eddie, please let me know as it's the least I can do.

Whilst I hear many of you laughing on my expense, I have only disclosed this information as I would hate to see Eddie go through this type of stress again in the future. So, please make sure if you are disposing of ashes from your wood heater to tell Eddie and make sure you leave it longer than a week before you take them to the tip, unlike myself.

Regards

Brad Carey

GOD'S REMNANT ASSEMBLY AUSTRALIA (GRA Australia)

Would you like to know more about Jesus?

Do you want to know the LIFE He has for you -

your destiny, your gifts, your purpose?

We are a husband and wife team with GRA, a trans-denominational missionary movement. GRA works around the world, including Iraq, Iran, Afghanistan, Nigeria, Sudan and is new to Australia. We believe Australia needs the Word, fresh and new, as it is being shared around the world and setting lives alight with the beauty and Truth of Jesus.

We have started a home Church in our community and introduce ourselves - Bunja and Judith Smith. If these words have stirred or touched you please contact us to hear more about this Ministry that is new to Australia:

by phone - 0401 912 193 or by post -

Pastors Bunja and Judith Smith

Gods Remnant Assembly Australia

GPO Box 1695
Canberra City ACT 2601

Be part of this exciting work in our community:

Sunday morning - we sing and study His profound truths

Tuesday evening - we plan the ministry, outreach and study His Word

Thursday evening - we praise and enjoy a power prayer hour.

Jesus' love never fails. John 15 : 12
