Bush Fire danger period has commenced and Permits are now required
To apply for a permit contact our local NSW RFS Fire Control Centre on 6226 3100

Annual Subscriptions - please send your details and **\$30** (cheques payable to 'Windellama News') to cover the annual cost of postage.

All cheques please post to:

The Secretary, PO Box 705, Goulburn. 2580

* Unpaid subscriptions will be cancelled after one month

If you have any short articles, anecdotes, or something else interesting about yourself, your family, or the community; please write it down and drop it in our letterbox at the Hall. We will edit it and publish it in the Windellama News.

A LOCKED POSTAL BOX IS AT THE FRONT OF THE HALL, 3444 OALLEN FORD RD, IN THE STONE WALL FOR THE COLLECTION OF ITEMS FOR PUBLICATION

Items left in the box after the deadline will not be collected or included in the News

Articles, adverts, etc may also be sent by email to:

newswindellama@gmail.com

Adverts sent by email will not be inserted unless payment is received by the deadline.

Our Policy on Receipts

The Windellama News makes out a receipt for all advertising payments made to the paper. We don't post out receipts to save cost and we assume that the appearance of the advertisement in the paper could normally be taken as proof of payment. If you require a posted receipt please include a stamped self-addressed envelope with your payment.

It would be greatly appreciated if anyone sending money to the Windellama News would include their name and address and a note saying what it was for and put it in a sealed envelope. This would avoid a lot of confusion and uncertainty .

Community Notice Board

Would you like to help the Windellama community?

We are looking for someone to assist with the market stallholder coordination for about 6 months from March onwards. It requires about 2 hours of work to advertise and coordinate with stallholders each month plus 5 hours once per month on market Sunday mornings to help in the kitchen and organising stalls. You need some basic knowledge of Facebook and Excel spreadsheets. We'd also love to hear your ideas for the markets and helping the community.

If you're interested in helping out please contact Michele on 0410557935 or come along to the next Windellama Progress Meeting on Friday February 2nd at 4pm.

Windellama Historical Society

Our museum held its annual meeting in December

President Iris Sturgiss 0417651433

Secretary Julian Wood 48445270

Treasurer Marcia Tattam

It is sad that our past president Rex Hockey has resigned Rex has devoted many years to the museum and will be missed Rex has a huge knowledge of history of people and the area and during meetings he always had a joke for us we hope he can still manage to come to meetings we wish Rex well and will miss him

We have been busy doing work around the museum and our back shed is looking good a lot of this is thanks to Tom Bryant

There are lots of interesting things historically in our area our museum has lots of interesting things in it and lots of history books for sale

We would love some new members and are always open on Market days we thank the community for continued support

A BIG THANK YOU WINDELLAMA

Thank you to everyone who donated to the Windellama Giving Tree
Chantelle from Mission Australia Goulburn was really excited and grateful for everyone's most generous donations for those less fortunate at Christmas

The Christmas market at Windellama Hall

The last market of the 2023 was a great success with lots of Christmas spirit shared by all. There were kids running around looking for hidden treasure and free lollies, a massive raffle went off to one of the stallholders, Fiona from Feez Beez, and the guessing competition of a Christmas stocking full of 223 chocolates and sweets was won by a customer, Jason from Goulburn.

A big thank you to Kylie for her beautiful KitKat house creation that was the feature of the raffle. Also a big thank you to our wonderful stallholders for showing up each month and providing us with a beautiful selection of products to choose from. Finally a thank you to the Windellama Progress Association volunteers for manning the kitchen all year and helping with the set up of the markets each month.

Would you like to help the Windellama community?

We are looking for someone to assist with the market stallholder coordination for about 6 months from March onwards. It requires about 2 hours of work to advertise and coordinate with stallholders each month plus 5 hours once per month on market Sunday mornings to help in the kitchen and organising stalls. You need some basic knowledge of Facebook and Excel spreadsheets. We'd also love to hear your ideas for the markets and helping the community.

If you're interested in helping out please contact Michele on 0410557935 or come along to the next Windellama Progress Meeting on Friday February 2nd at 4pm.

After the break in January, the market will be back again on the 3rd Sunday in February.

November 2023 Rainfall at our place

We received an additional drop of 130.25 for November adding to the early drop of 11.5 gave us a total fall of 141.75mm.

December 2023 rainfall at our place

We received another good fall of 100.5mm for this month and the grass is green and has not stopped growing and the garden has been revived with all the seedlings we had transplanted. The dam has made it up to the spillway, so, that gives an indication of how low our dam was. The year 2023 saw 667.30mm of moisture recorded. Compared to 2022 where we received 1110mm. A difference of 442mm.

January 2024 Rainfall at our place

Up to 9am Thursday 18th January this year we have received 84.5mm of rain.

In our garden

At the end of October/September I was thinking we are in for a hot and dry time and was preparing the garden for such an event, when the rain came and did it come!

The dam is full, as are the tanks, the grass is green and lush, the garden is alive with the majority of plants thriving.

When conditions are right, as they are now, plants seem to grow very quickly. Cucumbers transplanted at end of November are fruiting and being picked, tomatoes are reaching for the sky and flowering. A couple of different small pumpkins I'm trying have taken off and are with fruit.

The Dahlias have shot up very quickly, that is, the ones the Rabbits haven't got too. Some of the roses have done extremely well, especially White Sale and My Hero, a pink rose. The blooms on this pink rose are saucer size and the bush is covered with blooms.

Just as most things we like thrive, so do some things we don't, like weeds the gardener's bane. Conditions are ripe for fungal problems like Black spot in Roses, Brown Rot on fruit and Powdery Mildew on our vine plants like pumpkins and grapes.

For fungal problems like black spot on roses, instead of spraying I feed with a fertiliser and I find this works for me.

As soon as the Apricots get Brown Rot I spray with an organic spray made from Baking Soda – heaped teaspoon, Vegetable Oil a teaspoon and a little soap – couple of drops and 4 litres of water. Mix well together and saturate tree, bush or plant. I also remove diseased/fungal effected fruit and bag in a plastic bag before disposal.

Vine plants like pumpkins I spray with an organic spray containing 1 part full cream milk and 10 parts water. Shake well and drench vine.

Fruit Trees

The Cherry Trees have leaves growing back but unfortunately, no fruit this year. The early Apricots that are normally ripe at Christmas have at least a week to go. The early peaches that are normally ripe for eating at Christmas still have weeks to go, if they ever will mature. The red grapes are loaded. Apple trees are loaded. The plums were loaded with blossom but did not go onto the next stage and fruit. Pears are baron as are the plum-cote trees after both trees were in full bloom with flowers.

Jobs for the month at our place

Keep alert for fungal problems and get the Weed Wand out of semi-retirement.

Bird Life

The Magpie numbers have increased and are fattening-up on the multitude of bugs.

Windellama SES First Aid & CFR

May I wish one and all, the very best for the New Year on behalf of our SES and CFR team.

We had 107 jobs for the past 12 months, 15 of which related to Storm and Water damage, the remaining calls, 92 in all, were for the Community First Responder side of things. This equates to 2 calls for assistance per week on paper.

We in fact may have 3 calls in one 24 hour period and then, maybe, a week will go by without a call, so averages are deceiving. The result of this being that we have some very tired responders. This brings me to the same old evergreen, when are some of the good citizens of this area going to join our SES/ CFR? I have had people promise to join, but, never appear, this, I must say, is very disappointing .

Fortunately we have two previous members coming back and three new members joining our organization.

Just to remind people, we meet for SES on the second and third Monday of each month at 1830 hours and for CFR (Ambulance) training on the fourth Saturday of each month at 0830 hrs, so do not be shy and come along, just tell them that Kev sent you. All enquiries to Duty Officer on 0400466569, or myself on 48447143, thankyou

The undergrowth along the sides of our minor roads, in particular, is creating an unsafe visibility situation, so please take care. They would be highly unsafe in fire exit situation.

Muffet's road is extremely dangerous, not only for undergrowth, but also for the people who think it is the new speedway.

Kind regards

Kevin Muffet

Deputy Unit Commander

Windellama SES/CFR

Windellama Landcare is back in operation for 2024.

Windellama Landcare held its AGM in December 2023 and reported on a very successful recent completion of a project funded under the NSW Landcare Riparian Restoration Program and the repair some of the 2022-23 waterway damage. Landcare undertakes or assists similar work on both private and public property.

The recently completed projects involved controlling and repairing creek bank erosion on two sites. The first is on a tributary of Budjong Creek running parallel with Sandy Point Rd. The second site is a problem area of Budjong Creek near Miller Rd.

The project involved installation of coir logs at sites where the creek bank was collapsing into the watercourse and stabilisation of bare areas of creek bed to reduce the erosive effects of rainfall. To help stabilise areas adjacent to the eroded banks and reduce the water table some 800 trees and shrubs as tube stock have been planted. Only those eucalypts shown to be tolerant of future expected climate conditions were planted.

This was an important project to save our local watercourses and land. If you are interested in erosion control being undertaken on your property or would like to be involved in Landcare, please contact John Pearce (0435 586 281) or Tony Greville on (0418 412 460).

Windellama Rural Fire Brigade

Brigade Activity

- 5 units attended an escaped cooking fire into grassland on Masons Owens Rd
- 2 units attended an oil spill on Mayfield Rd
- 2 units attended an oil spill on Oallen Ford Rd
- 3 units attended two persons trapped by rising floodwaters near Oallen Ford bridge, locating the persons and ensuring safety until Queanbeyan SES arrived with a boat to transport the two people across the swollen river.
- 1 unit attended a rubbish fire on Jacqua rd

Grass Fire Risk

As we continue into the last month of summer, it's important for members of the Windellama community to be aware of the dangers of grass fires. These types of fires can spread quickly and are often caused by human activity such as carelessly discarded cigarettes, or machinery.

During February, grass and other vegetation can quickly become dry and more susceptible to fire. Even a small spark can ignite a raging fire that can quickly spread, endangering lives and properties. That's why it's essential to be prepared and take precautions to prevent grass fires:

- Clear any dry or dead grass and other flammable vegetation around your property.
- Keep a close eye on the weather forecast and be aware of the fire danger rating.
- Never leave campfires or barbecues unattended and make sure they are completely extinguished before leaving.
- Be mindful of any activities that may generate sparks, such as welding or grinding.

In an **emergency** or for a **fire unattended by emergency services call Triple Zero (000)**

Bendigo and Adelaide Bank Limited ABN 11 068 049 178, AFSL/Australian Credit Licence 237879, 32292045 - Artwork ID (1023)

It is time to plant your vegetables for the winter garden.

VEGETABLES

Plant cabbages, cauliflower, broccoli, and Brussel sprouts. This enable them to get established, before the cold weather. They need a soil containing plenty of compost and well rotted animal manure, also a light dressing of lime before planting. When these plants start to grow give them a side dressing of nitrogen fertilizer and at regular intervals a liquid fertilizer applied in the cool of the day will assist the plants in growing, as they all do better if grown quickly.

Other vegetables that can be planted are carrots, parsnips, celery, kohlrabi, lettuce, parsley, radish and turnips.

FLOWERS

If your garden is facing north and is sunny, plant seedling of pansies, viola, stocks, poppies, and alyssums. Other flowers to plant are calendula, carnations, polyanthus, larkspur, linaria, snapdragon, static, and verbena.

Choose your bulbs to plant for spring flowering , bulbs can be planted in mass, in group plantings, rockeries or in pots. You can dig up daffodil bulbs and jonquils, and divide and replant or give some away. You can lift tulip and hyacinth bulbs, store them in the refrigerator to replant in April or May.

Prepare garden beds for autumn planting of bulbs, sweet peas and winter and spring annuals by digging in compost and organic fertilizer.

Fruit trees; Watch for fruit fly, so continue spraying apple, pear and quinces tree to control these pests, with Lebaycide.

Also Cherry slug is about, found on cherries, and pears. You can spray with Yates Success or dust with lime.

Another job is rose pruning. You can reduce the height of the new wood and this will ensure a crop of new well developed roses in the autumn. They will benefit also from a light dressing of complete rose fertilizer.

I have had a good crop of red roses this year, picking 3-4 flowers at a time and putting them in a vase, every third day.

LEMON TREES- I have had plenty of questions about growing lemon trees.

First plant them in a raised garden, so they can drain well. Cover the trees from frost and cold winds in the winter. Fertilizer about 3 times a year with Citrus fertilizer; end of winter, then after the fruit has set, and again before the cold sets in. If growing in a pot you may need to fertilize more, give it a feed with seasol. Cover the roots with mulch, not too close to the trunk. Don't give the plant lime its changes the ph., of the soil.

Willow Glen Gardeners

<http://www.whispersfromwillowglen.blogspot.com>

What a beautiful day it was for our last meeting for the year. We had quite a large group of people both new and old converge down the long winding driveway to the picture book cottage of Harry and Ann. Mostly constructed of mudbrick brought in from the coast, it was a welcome respite from the heat and strong winds.

Harry has recently constructed a glasshouse from recycled glass refrigerator doors, but the plants inside had yet to get motivated for all the hard work that had been done to make their home, the perfect environment to thrive.

The garden overlooks the valley, partly which the Mulloon Institute owns, so you could see looking over the fence the chook tractors that were out in the paddocks. There also was a well-established orchard overseen by two big grey geese and a fruit tunnel that had trees well protected from our flying native marauders.

Everyone was full of good cheer and were fortified by cold drinks as we began our meeting.

There was discussion of recent rain which was welcomed after the last 5 months of bare minimum recordings. This had caused little or no growth on traditional favourites in the vege patches. There were reports of an increase in pests particularly pear and cherry slug and slaters in various sites throughout.

Peter the recalcitrant bull has improved his numbers to keep his place on the property. There was talk that perhaps without constant vigilance he may stop with the performance anxiety currently exhibited.

Next meeting will be in February as we have a break over the festive season. Don't forget, if you would like to come to any of our meetings, just contact Warren and Judy at jawyeats@gmail.com. All welcome.

Heard of Wiltipoll Sheep?

The Wiltipoll is a hardy, prime lamb, wool shedding breed developed in Australia

- ✓ Full wool shedding – no costs of shearing
- ✓ Fly lice & grass seed resistant

Thank You Notes

Welcome to the new year. First off, thank you to the community for their support of the local men's shed.

What's happening in the SHED.

The show goes on every week at the Shed.

The Men's Shed is always open to any community project that we can help with.

We have Terry working on a rocket stove, uses very little wood to create a very hot fire for cooking. So, we have changed his name to Elton John. Laurie has finished the little boat and is now working on a bigger and better model. All hand made. He might make one big enough to use on the lake. We will keep calling him Noah.

Doug has put his skills to making anvils out of different gauge railway tracks. Very clever man. Noel is still making more wooden toys for the kids.

We have had some interesting machinery donated to the Shed and our thanks goes to those people who supplied it.

Please be safe and look out for each other, if in doubt, call out for support.

Dominic Johnson
Secretary
Tarago District Men's Shed

SERVICES

Belinda's pet minding

Why stress your pets out by putting them in Kennels or boarding and saving on having to get them vaccinated to put them in boarding.

I will come to you . Leaving your animals in their own homes. I have Vet Nurse experience of 10yrs .

I have a miniature pony stud and also breed and show guinea pigs. I will feed Horses , Dogs, Cats, Goats, Sheep, Chickens Ducks,. Medicate animals daily if needed .

Servicing Windellama , Bungonia, Quialigo and Goulburn.

Contact Belinda on 48447168 or 0490814131

For hire:- gyprock sheet lifter, one man operation , 3 metre lift height .Makes sheeting walls and ceilings easy. Cheap rates . Phone Bob 48445001 evenings .

CLEANING

Needing a house cleaner? I clean homes weekly, fortnightly or monthly. Will service Windellama,

Quialago, Bungonia area. I am currently the school cleaner for Windellama Public School, which I have been cleaning for the past 6 years. Contact Belinda 4844 7168, or mobile 0490814131
