Warning—two legged nasties about

There have been many reports of stealing incidents in our district. There is mention of these break ins in the police report, and since that report has been written many more have occurred.

The main target seems to be weekenders in the Bungoinia, Windellama and Tarago districts as well as an unknown number on the Nerriga side.

Please start being observant, taking vehicle registration numbers and reporting any unusual activities. If you need any more information, or have any concerns, contact Brad Carey at Tarago (4849 4411).

The flu is doing the rounds, and there are also reports of a nasty vomiting bug—cheerio to everyone who has been affected and best wishes for a speedy recovery

Windellama Garden Club

An enjoyable day was had by all our members when we visited Shirley and Merv Cornish for our east meeting and day out. We had a great wall around the garden and the property looking at all the amazing stone fences they have constructed and I need to mention the Troll bridge, great pieces of work, it is a credit to them.

Thank you both for being such welcoming hosts and allowing us into your homely home for the day.

Next meeting at Colleen Ellis' home on October 21st at 10.30 to discuss our Art, Craft and Flower Show, which we will hold in February.

Please look out for any unusual activities in our area. We need to act to stop break-ins in our community.

Stockade To Stockade

Marulan District Historical Society is running a bus tour of historical sites on Sunday 18th October.

Did you know we had convicts living about 5 km away from Marulan when they were building the Hume Highway?

These convicts lived in small huts with guards constantly on watch. They were subjected to lashing for any misdemeanors and were often incarcerated in a stone lock-up. They were not given any tobacco, tea, sugar or any other indulgence as they were prisoners. These were at the Wingello Stockade. In 1839 they moved on to the Towrang Stockade as they had completed the Marulan part of the road.

Some interesting reminders of those days can be seen still – 160 years later.

The tour will go from Wingello stockade to Towrang Stockade and many interesting places in between – sites at Tallong, Brayton, Towrang and two old homes.

If you are one of those who like to explore our past, come along on the bus with us.

Cost is \$30 which includes the bus cost, morning tea and lunch and leaflets on the historical sites.

Only a limited number will fit on the bus so book early with Alison Sieler 48411570 or call at Wattle Glen Tea Room 81 George St Marulan 0428 774459. Booking is essential. If you have a group interested in coming in their own bus, the cost is \$20 to cover meals etc. A guide will accompany each bus.

Cnr Braidwood & Bungonia Roads GOULBURN

Many thanks to the willing helpers who lent a hand at our last working bee. There is still some painting to be done, however, we hope to have it all finished by the Field Day. We have had a volunteer to finish off the work in the bar.

We have received a donation from Goulburn Mulwaree Council, for which we are extremely grateful. This year we have spent the funding on a new hot water service which will be a great advantage for us, especially at the Field Day, when we are stretched for power. Our transformer needs upgrading, however, this is way beyond our means.

In future, the outside toilets will only be opened at major functions and will no longer be open for general public use. Members of the committee should not have to deal with the filthy state they are often left in, so it has been decided to keep them locked. Windellama Hall is not public land so we felt we were justified in expecting people to respect the facilities.

Although the day of the market/car boot sale started off with a shower, if we didn't need rain it could be said to have turned into an alright day. There were lots of stalls with crafts and local produce, and plenty of boots and utes to look into, however, the perennial problem of where the buyers, or even lookers, were was in evidence yet again. If things don't improve, some hard decisions about the future of the markets will have to be made. It is pointless for the organisers to turn up month after month, if the support of the community is not forthcoming.

We shall be laying baits for rabbits shortly. The poison is species specific and harmless to other wildlife. We have tried many other methods to get rid of this pest, which, by law, must be controlled. All have failed, so poisoning is our only option as they are becoming a health and safety issue, with the diggings on the oval out of control.

The Progress Association meets on the third Monday of each month at 2 p.m. All members of the community is welcome to attend.
